

# Mixed Bookings Procedure APM Terminals Gothenburg

Bookings containing multiple items for mixed Dangerous cargo, Power required reefers or OOG for the same isotype will not be allowed to enter through Gate into terminal.

APM Terminals Gothenburg requires that responsible line operator is contacted to separate mixed cargo by creating a new booking.

## Not allowed booking containing mixed cargo

Below is example of booking that will not be allowed to enter through Gate into terminal as OOG size differs between items in booking. This applies for OOG, Power required reefer and Dangerous cargo.

Booking Items							
▲ Qty	ISO	Length	ISO group	Height	Is OOG	OW-L (cm)	OW-R (cm)
1	45P1	40'	Platform	9'6"	●	25.0	25.0
1	45P1	40'	Platform	9'6"	●	40.0	40.0

## Allowed booking containing mixed cargo

Below is example of booking that will be allowed to enter through gate into terminal as OOG measurements is identical between items in booking. This applies for OOG, Power required reefers and Dangerous cargo.

Booking Items							
▲ Qty	ISO	Length	ISO group	Height	Is OOG	OW-R (cm)	OW-L (cm)
1	45P1	40'	Platform	9'6"	●	40.0	40.0
1	45P1	40'	Platform	9'6"	●	40.0	40.0

Below is example of booking that will be allowed to enter through gate into terminal as OOG measurements are split between items with different isotype sizes in booking. This applies for OOG, Power required reefers and Dangerous cargo.

Booking Items							
▲ Qty	ISO	Length	ISO group	Height	Is OOG	OW-L (cm)	OW-R (cm)
1	45P1	40'	Platform	9'6"	●	40.0	40.0
1	22P1	20'	Platform	8'6"	●	25.0	25.0
